TESTIMONIALS

"We were excited to see the quality of this donation. Incorporating this donation into our meal plan significantly reduced our cooking time. We are an organization dedicated to providing shelter to families experiencing homelessness and we wholeheartedly appreciate the support. The more donations we receive, the better, and this particular contribution has been a tremendous help to our cause. Thank you!"

Family Promise of West Michigan
Grand Rapids, Michigan

TESTIMONIALS

We look forward to donations from The Cheesecake Factory every week and we really appreciate Copia! We have been able to divide the donations to use half for cooking meals for the homeless in our kitchen and the other half we use in our choice pantry for families. I also love the fact that Copia provides a text alert when a driver is on the way. It always helps me coordinate with my staff so they know when food is coming. Thank you so much!

Queen City Kitchen
Cincinnati, Ohio

TESTIMONIALS

Thank you very much for your generous donation! The beautifully packaged cheesecakes were a delightful treat for our community during our free food event. Your contribution made a significant impact, and we truly appreciate your support.

COMPLIANCE

LEGISLATION MAKES IT NECESSARY FOR
BUSINESSES TO ADOPT NEW TECH

Food service companies are increasingly required to prove compliance with local and state waste reduction laws (CA SB 1383 & 253, NY Food Scraps Law, CT, MA, VT, and RI).
